Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 13 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A largely dry, bright day. Occasional showers in eastern areas.

Today:
A dry and bright start across the country, with patchy cloud developing in the east through the morning, bringing showers and sunny spells through the day. Remaining more settled further west. Feeling warm in the sunshine. Maximum temperature 24 deg C (75 deg F).

Tonight:
This evening, any lingering showers in the east of the country will soon fade, leaving a dry night with largely clear skies throughout. Overnight fog developing in rural areas. Minimum temperature 10 deg C (50 deg F).

Wednesday:
A dry and bright day, with little to no cloud. Another warm day, with the highest temperatures likely in the southeast of the country. Maximum temperature 25 deg C (77 deg F).

Outlook for Thursday to Saturday:
Overnight light rain and drizzle is likely to continue through the morning on Thursday, turning settled later. Dry with plenty of sunshine on Friday and Saturday. Feeling warmer than recently.
